

*REVIEW THESE GOALS AND HAVE ANY MAJOR CHANGES TO ME **BEFORE** THE MEETING SO THAT A VOTE CAN BE TAKEN AT THE JANUARY 17, 2002 SPECIAL BUSINESS MEETING.*

Panoche/Silver Creek, Little Panoche and Tummey Gulch Watersheds
One year and Five Year Goals
January 2, 2002

One Year Goals:

1. Hold quarterly meetings of the P/SC CRMP to discuss and educate the CRMP on the following issues to continue to develop projects with consideration of these items:
 - A. The Klamath Basin issue and water on the Westside of the San Joaquin Valley.
 - B. The Environmental Community's view of Westside of the San Joaquin Valley.
 - C. Land Retirement and how it affects agriculture and the City of Mendota.
 - D. Methods and issues of sustainable agriculture.
2. Secure additional funding for projects along Panoche Creek between the eastside of the I-5 Bridge and Belmont Ave.
3. Complete the CALFED Watershed grant project of a Current Conditions Assessment of the Silver Creek Drainage and the Panoche/Silver Creek Watershed Alluvial Fan.
4. Develop a plan to secure funding to implement a public relations and education program about the P/SC CRMP watershed programs.
5. Continue to develop the CALFED Environmental Restoration Program grant on restoration projects in the Panoche Creek Drainage area of the P/SC watershed.
6. Publish and distribute the quarterly newsletter through the Westside Resource Conservation District.
7. Secure funding for the assessment of sedimentation and erosion in the Tummey Gulch and Little Panoche watersheds.
8. Develop a five year prioritization plan for projects.

Five Year Goals:

1. Establish funding for implementation of sustainable agriculture education, training and projects within the watersheds mentioned above.
2. Develop a relationship with the environmental community for a greater understanding of the issues between agriculture and the environmental community.
3. Increase the awareness, knowledge and understanding of the effectiveness of the watershed program to elected official, local, state and federal agency personnel, and to the general public.
4. Continue to develop funding for resource restoration projects throughout all watersheds within the CRMP.

5. Secure funds to implement the low flow crossing at Panoche Creek and North Ave.
6. Work cooperatively with the Stewards of the Arroyo Pasejero and the Cantua/Salt Creek Watershed programs with education and outreach workshops and projects.
